1. After Downloading TelePortal
2. Extract the File

If you have Windows 7, the File will be located in your Downloads folder

After Extracting the File, Open the folder to Find SandBox Launcher

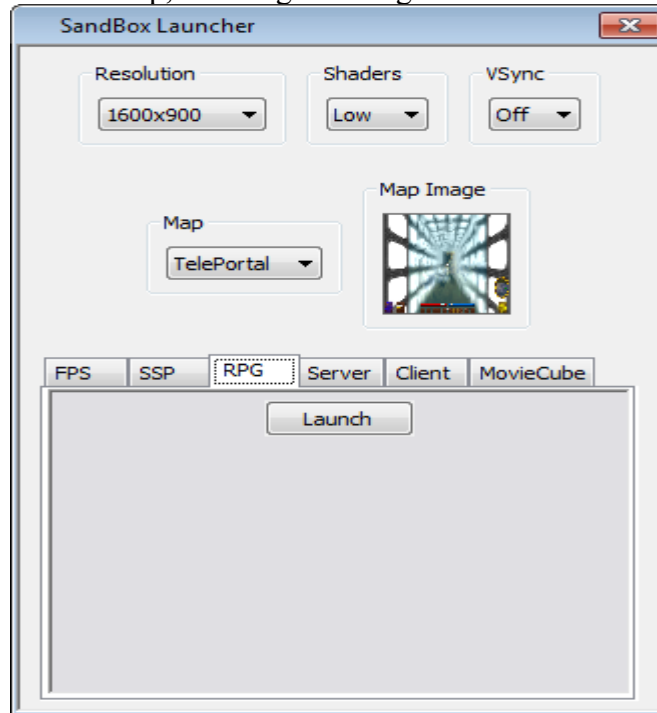

You can either make a shortcut to your desktop or launch the game from here

You should see this when you Launch the Game

From here you need to Select the Map, the image of the game will then Load

IMPORTANT:

Choose the RPG Tab, the game is an RPG, then click Launch... Now the game loads, you can Start Playing.

Here are clues for playing game:

1. Use the E key on your keyboard to go through Gates or Doors (May have to hit E key twice and quickly for certain Doors)
2. Use Key board Cursor and Mouse to move around
3. Use Space Bar to Jump
4. Left Mouse-Click to Throw Apples at enemies
5. Right Mouse-Click for Storm Smash (can also be used as a weapon)
6. If you get shot at and freeze, Use Space Bar to get back into the Game
7. If no one is shooting at you, they are not your enemies
8. Don't throw Apples at folks that do not attack you, because you eill not be able to communicate with them
9. To Communicate, Press the E key on your keyboard,
10. Choose appropriate conversation numbers to chat

TIPS:

- In a body of water, put your Mouse Cursor Upward and Use the Up arrow, and Space Bar to get out of the water
- If you do Quests, you will move up in ranks, so pick up apples and TelePorters as you play to trades for points
- If you are entering a room, move in slowly, there may be enemies inside and will shoot at you
- You can throw Apples farther than your enemies can, so stay far back when you need to get them
- Golems, Snagons, Dragons do come at you when they see you, get rid of them with Apples...
